BOUNDLESS ENERGY™

Economic Development Rider Michigan 2018

Indiana Michigan Power is committed to providing consistent, reliable service to its customers along with innovative ways to support economic development initiatives.

To encourage additional industry growth and business development in its service area, I&M offers a billing demand credit to qualified businesses of up to \$12.00 per kilowatt under the Economic Development Rider (EDR).

To qualify, a new or expanding business must meet the following minimum criteria:

- A new customer must have a billing demand of 300 kW or more. An existing customer must increase their billing demand by 300 kW or more.
- The customer must apply for and receive economic development assistance from State or local government or other public agency.
- The customer must demonstrate to the Company’s satisfaction that, absent the availability of this Rider, the qualifying new or increased demand would be located outside of the Company’s service territory or would not be placed in service due to poor operating economics.

Qualifying customers have the option to choose how they receive the benefit of the EDR for up to 60 consecutive months.

Billing Months in Contract Terms	1 – Inclining Billing Credit per kW	2 – Levelized Billing Credit per kW	3- Declining Billing Credit per kW
1 st through 12 th	\$7.80	\$12.00	\$16.20
13 th through 24 th	\$10.20	\$12.00	\$13.80
25 th through 36 th	\$12.00	\$12.00	\$12.00
37 th through 48 th	\$13.80	\$12.00	\$10.20
49 th through 60 th	\$16.20	\$12.00	\$7.80

Customers electing to sign an EDR contract will be allowed a 12 month start up period and must maintain their eligibility for a total of 8 years
